<p>Unintentional private messages</p>	<p>Hi participant, I recommend sending a message to the whole group. Select the blue drop down menu in the chat box. Select “Everyone (in Meeting)” to send a public message.</p>
<p>Audio issue. (speaker/mic) “I can’t hear the presenter.” “There’s no sound.”</p>	<p>I’m sorry you’re having technical issues. Here are some instructions to help.</p> <p>1) Open the audio menu (^) in the bottom left corner of the Zoom window. It is next to the microphone symbol.</p> <p>2) Double check to make sure your computer speakers or appropriate speakers are selected under “Speakers”. 3) If this doesn’t work, select “Audio Options”... at the bottom of the menu. 4) At the top of this page, select a different speaker and test to make sure your audio is working.</p> <hr/> <p>Further support language: If you are still having technical issues, go to the Zoom Support page: https://support.zoom.us/hc/en-us/sections/200319096-Audio If you don’t see the audio options, you may need to maximize your window.</p>
<p>Microphone/ Video turned off “My microphone/ video is turned off.”</p>	<p>Thank you for joining us for the webinar. The host has turned off all microphones and videos to conserve bandwidth and reduce background distraction.</p> <p>*Private message to participants who haven’t turned off video or microphone after host's request:</p> <p>Hi participant would you please turn off your video to conserve bandwidth and reduce background distraction during the presentation. Please click the video camera icon on the bottom left of your screen. Thank you.</p> <p>Hi participant would you please turn off your microphone to reduce background distraction during the presentation. Please click the microphone icon on the bottom left of your screen. Thank you.</p> <hr/> <p>*If a Host/Co-Host stops a participant’s video, the participant cannot restart their own video. You’ll need to request to start video from the Participants menu. *Keep this in mind if you are using breakout rooms where participants will use their video.</p>
<p>Captions stop working</p>	<p>The captions aren’t working right now. Unfortunately, we don’t have control over this service. We apologize for any inconvenience.</p>

Closed Captions**

"I don't see Closed Captions in my toolbar."
"Where do I find Closed Captions?"

If you see **Closed Caption** in your toolbar, click the upward arrow to the right and choose **Show Subtitle**. If you do not see Closed Caption in your toolbar, click **More** on the far right side of the toolbar and choose **Show Subtitle**.

NOTE: This is what you're trying to describe to participants; [download this image HERE](#). Chat the image by clicking **File at the bottom of the chat box.**

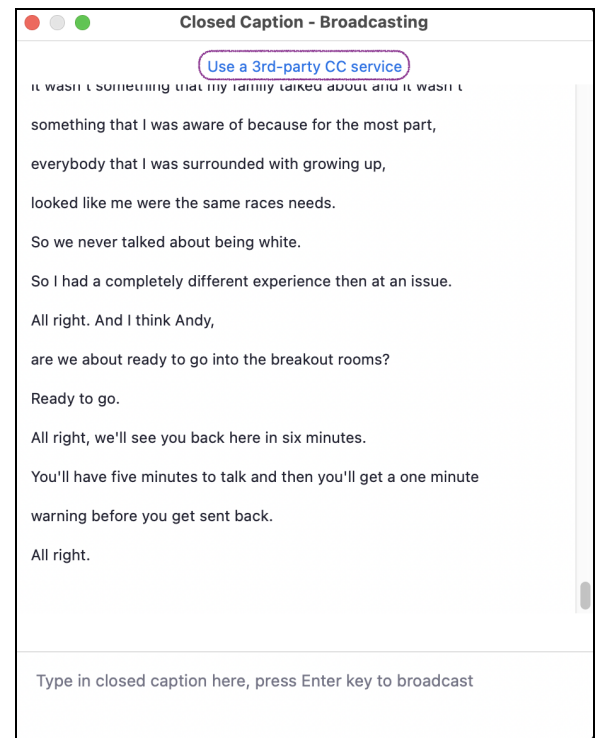

Kickstart Captions

**** HOSTS: If closed captions are not working, you can manually "kickstart" or force them to start.**

Follow these instructions:

1. **Hosts** click **Closed Caption** in your toolbar and then click **Use a 3rd-party CC service** on the top.
2. Go to <https://www.rev.com/zoom/start> and enter the **Zoom Host's Email** and the **Caption API Token** that you just copied.
3. Click **"Start Live Captioning"** and Rev Live Captions should join your Zoom Meeting within 60 seconds.

Rev Live Captioning

Enter your Zoom Meeting information to get started.

Note: This page only supports Zoom Meetings, not Zoom Webinars. Please see [these instructions](#) for setting up captions for Zoom Webinars.

START LIVE CAPTIONING

Live captioning started.

*These are another set of instructions - they may be **outdated** →

Kickstart Instructions:

1. From the Zoom Meeting as the Host, click "Closed Caption" and then "Copy the API token".

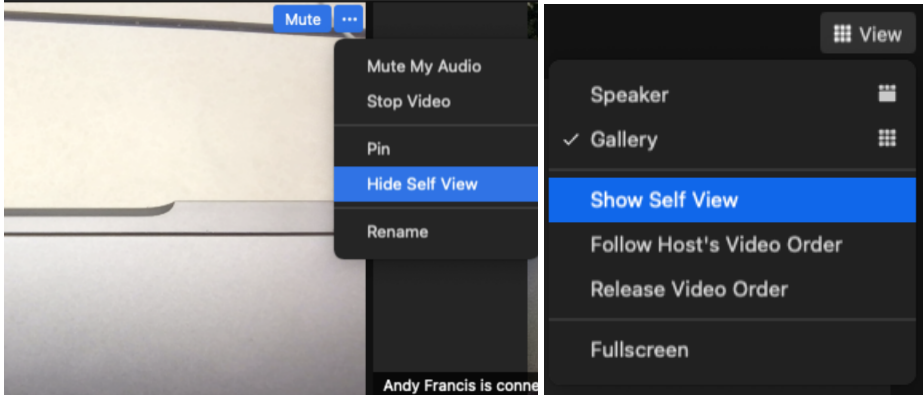

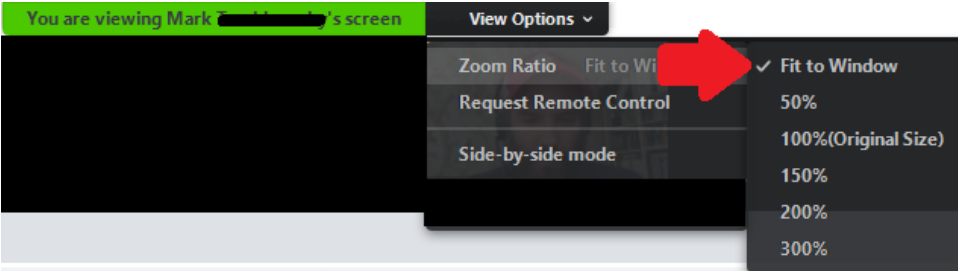

2. Go to <https://www.rev.com/zoom/start> and enter the following:

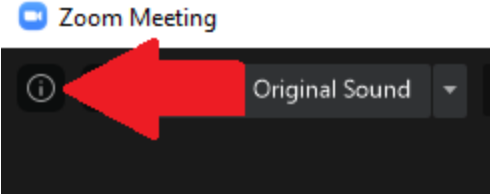

- **Zoom Host's Email:** this must be the Zoom Host that originally scheduled the meeting. This Host must be present in the Zoom Meeting.
- **Caption API Token:** this is the API token copied in the previous step.

3. Click "Start Live Captioning" and Rev Live Captions should join your Zoom Meeting within 60 seconds!

<p>Screen Layout</p> <p><i>"I can't see the ASL interpreter."</i></p> <p><i>"The interpreter is too small on my screen."</i></p>	<p>In the top right corner of your screen, you can choose between Speaker View and Gallery View. You'll need to choose "Gallery View" in order to see both the presenter and interpreter. You can also click "View Options" at the top, and choose "Side-by-side mode," which allows you to make the interpreter box larger.</p> <p>You can also click and drag a person's picture to the top of your screen in Side-by-Side mode.</p> <p>NOTE: You can download this image showing these controls. Chat the image by clicking File at the bottom of the chat box.</p> <p>Also: hide non-video participants so you only see the presenter and ASL interpreter:</p> <ol style="list-style-type: none"> 1. Click the upward arrow next to the Video button in the toolbar. 2. Choose "Video Settings." 3. Check the "Hide non-video participants" box. <p>To view only the interpreter's video, hover your mouse over their picture. Click on the 3 dots (...) and then choose "Pin Video."</p>

<p>My Zoom window disappeared / how do I minimize or expand my Zoom window?</p>	<p>To hide self view, hover your mouse over your picture and click the 3 dots menu. Then click Hide Self View. Your camera <u>will</u> remain on, but you won't see yourself.</p> <p>Turn Self View back on by clicking View in the upper right corner of the Zoom window and click Show Self View.</p> 
<p><i>"I can't see the presenter's whole slide; part is cut off."</i> <i>"The presenter's slide is too small for me to see."</i></p>	<p>You may need to change the Zoom Ratio on your screen. Look for the "View Options" tab at the top of your screen and click on it; then set your Zoom Ratio to "Fit to Window."</p> <p>NOTE: This is what you're trying to describe to participants; download this image HERE. Chat the image by clicking File at the bottom of the chat box.</p>  <p>(NOTE: Participants must <i>click and download a file</i> in order to see it once it's been chatted out in the Chat box.)</p>

<p>Polls</p> <p><i>“I can’t see the poll.”</i></p> <hr/> <p><i>“I tried to fill out the poll, but it disappeared/ didn’t register my answers.”</i></p>	<p>In order to see and participate in polls, you have to enable pop-ups in your browser. Here’s how you do that, depending on which browser you’re using (NOTE: you probably won’t have time to do this now and still participate in the polls in this session):</p> <p>https://www.isc.upenn.edu/how-to/configuring-your-web-browser-allow-pop-windows</p> <hr/> <p>This happens when the poll gets closed after enough people have completed it. I’m sorry you didn’t get the chance to participate this time!</p>
<p>Meeting Details</p>	<p>Note that you can always find the meeting link, meeting ID, and passcode (if applicable) by clicking on the small circle “i” in the far upper left of your Zoom screen:</p> 
<p>Sending CEUs, Slides, Videos and links</p>	<p>You will receive a copy of the presentation slides, video clips, links and chatbox discussion at the completion of the webinar.</p>
<p>Unable to join meeting</p>	<p>If a participant doesn’t have a link or a password, they haven’t registered. They should contact <i>Kelly Rynda</i>, krynda@mnliteracy.org. Kelly is the best person to check and navigate registration for Zoom webinars.</p>
